

Guarantee growth of your retirement income for 25 years or more

Retirement solutions from
Corebridge Financial

Looking for protected growth in an uncertain market? Consider a Power Series Index Annuity with the Lifetime Income Max[®] guaranteed living benefit (GLB) rider. Available to pre-retirees as young as age 50, Lifetime Income Max locks in the greater of market gains or 10% annual income credits every year until age 95 or lifetime income begins, whichever comes first. That means, if you're a 50-year-old with plans to retire at age 75, you can guarantee a minimum 10% increase in your retirement income every year for 25 years, even in flat or down markets!

Guarantee your income will rise by at least 10% every year for 25 years—and protect it for life!

Hypothetical example assumptions: \$100,000 premium, 50 issue age, single life, 0% index performance, and no withdrawals until age 75. The 1% fee is deducted from the contract value, not the Income Base.

Note: This chart is for illustrative purposes only and is intended only to show how the Lifetime Income Max feature works. Lifetime Income Max is available at contract issue in select Power Series Index Annuities for an annual fee of 1% of the Income Base (deducted from the contract value). The Income Base is initially equal to eligible premiums (assets allocated to the contract in the first 30 days). It is not the contract value and cannot be liquidated in cash through partial payments or in a lump sum. On each contract anniversary, the Income Base may increase with any available income credits (currently 10% of the Income Credit Base) or to a highest anniversary value, whichever is greater. The Income Credit Base is the amount used solely to calculate the income credit. The highest anniversary value is the maximum value of the annuity on a contract anniversary (i.e., the date the annuity is purchased). The contract value does not increase in years with flat or down markets and may decrease due to withdrawals and/or annual fee. The above hypothetical example does not reflect the impact of fees, which would reduce the contract value. The maximum amount that can be withdrawn under Lifetime Income Max ranges from 5.60% to 8.25% of the Income Base, depending on the number of individuals covered and their age at the time of the first lifetime withdrawal. The 8.25% rate is for ages 75+, single life. Please see the Owner Acknowledgment and Disclosure Statement for more information.

Power Series Index Annuities issued by **American General Life Insurance Company (AGL)** or **The Variable Annuity Life Insurance Company (VALIC)**, Houston, TX. Not available in New York.

- **Protect your retirement income against market loss.**
- **Secure lifetime withdrawals of up to 8.25% per year.**

Take action today. Contact your financial professional or agent to learn more.

*Until age 95 or lifetime income begins.

Index annuities are not a direct investment in the stock market. They are long-term insurance products with guarantees backed by the claims-paying ability of the issuing insurance company. They provide the potential for interest to be credited based in part on the performance of the specified index, without the risk of loss of premium due to market downturns or fluctuations. Index annuities may not be appropriate for all individuals.

Annuities are long-term insurance products designed for retirement. Early withdrawals may be subject to withdrawal charges. Partial withdrawals reduce the contract value and may reduce certain benefits under the contract, such as the death benefit and the amount available upon full surrender. Withdrawals of taxable amounts are subject to ordinary income tax and, if taken prior to age 59½, an additional 10% federal tax may apply. Guaranteed lifetime withdrawal benefits and guaranteed living benefit riders may be optional or standard. Additional fees, age restrictions, withdrawal parameters, and other limitations apply.

Applicable laws and regulations are complex and subject to change. For legal, accounting or tax advice consult the appropriate professional.

All contract and optional benefit guarantees, including any fixed account crediting rates or annuity rates, are backed by the claims-paying ability of the issuing insurance company. They are not obligations of or backed by the distributor, insurance agency or any affiliates of those entities and none makes any representations or guarantees regarding the claims-paying ability of the issuing insurance company.

Index annuities are issued by **American General Life Insurance Company** (AGL), Houston, TX or **The Variable Annuity Life Insurance Company** (VALIC), Houston, TX. Power Series Modified Single Premium Deferred Fixed Index Annuity (Single Premium Only in Oregon), Contract numbers: AG-800 (12/12), AG-801 (12/12) and V-800 (12/14). AGL and VALIC are member companies of Corebridge Financial, Inc. The underwriting risks, financial and contractual obligations and support functions associated with the annuities issued by AGL or VALIC are its responsibility. AGL does not solicit, issue or deliver policies or contracts in the state of New York. Annuities and riders may vary by state and are not available in all states.
